

X 00000 /
July 31, 1790

The United States.

To all whom these Presents shall come, Greeting.

Whereas Samuel Hopkins of the City of Philadelphia and State of Pennsylvania hath discovered an Improvement, not known or used before, such Discovery, in the making of Potash and Pearlash by new Apparatus and Process; that is to say, in the making of Pearlash 1st: by burning the raw Ashes in a Furnace; 2^d: by dissolving and boiling them when so burnt in Water; 3rd: by drawing off and settling the drey, and 4th: by boiling the dry into salts which then are the true Pearlash; and also in the making of Potash by flaving the Pearlash so made as aforesaid, which Operation of burning the raw Ashes in a Furnace preparatory to their Dissolution and boiling in Water, is new, leaves little Oxidum; and produces a much greater quantity of Salt: These are therefore in pursuance of the Act, entitled "An Act to promote the Progress of useful Arts," to grant to the said Samuel Hopkins, his Heirs, Administrators and Assigns, for the term of fourteen Years, the sole and exclusive Right and Liberty of using and vending to others the said Discovery of burning the raw Ashes previous to their being dissolved and boiled in Water, according to the true Intent and Meaning of the Act aforesaid. In Testimony whereof I have caused these letters to be made patent, and the Seal of the United States to be affixed thereto. Given under my Hand at the City of New York this thirty first Day of July in the Year of our Lord one thousand seven hundred & Ninety.

City of New York July 31st 1790.

I do hereby Certify that the foregoing Letters Patent were delivered to me in pursuance of the Act, entitled "An Act to promote the Progress of useful Arts;" that I have examined the same, and find them conformable to the said Act.

S. Hopkins Jr.

Edm: Randolph Attorney General for the United States.
